

Cornish Cross Broiler (Straight run)

If you are looking for a fast-growing meat bird, these broilers should be your first choice. Cornish Cross Broilers require special feeding and care but grow astonishingly fast. They can weigh close to six pounds when only six weeks old by efficiently converting feed into flesh. Cornish Cross Broilers are the best choice for a person who wants to quickly produce delicious meat and has no plan to save hens for egg production.

Purpose: Meat Bird Production: Matures Between 6-8 Weeks Temperament: Docile, Sedentary Mature Weight: 6-8 lbs. Hardiness: Cold and Heat Hardy

These will be ready for processing in just seven to eight weeks
