Egg Size:	Medium
Production:	Good 3/week
Matures:	Moderately Early
Bird Size:	Medium 6 - 7 lbs
Broody:	Yes
Hardiness:	Very Cold Hardy
Personality:	Active & Friendly

These birds are excellent layers and produce eggs that range from olive green to turquoise blue. This hardy breed was developed in the U.S. in the 1970's using Araucana birds from South America. Like their eggs, they come in as assortment of colors. They are favored for their eggs, but are large enough to be used for meat.
